

mend

Making access to Mental & Behavioral Healthcare convenient for all.

Why Therapeutic Solutions chooses Mend

“Transitioning to Mend for our Patient Engagement and Telehealth needs proved to be a pivotal decision for our team. While exploring Athena initially, challenges with a free trial, platform functionality, and troubleshooting that we just couldn’t get right led us to reevaluate our options. Our conversation with the Mend team revealed a platform that excelled in accessibility, consistent onboarding, user-friendly interface, and reliable support. Choosing Mend was not about criticism of Athena but finding a seamless solution that aligns with our goals. This experience solidifies Mend as our preferred partner in delivering efficient and accessible healthcare services.”

MEGHAN PHILLIPS
COO

Transitioning to Mend proved pivotal for Therapeutic Solutions’ Patient Engagement and Telehealth needs.

Challenges with Athena’s trial, platform functionality, and troubleshooting led Therapeutic Solutions to seek alternatives.

Therapeutic Solutions found Mend’s accessibility, smooth onboarding, and user-friendly interface impressive.

Therapeutic Solutions’ decision wasn’t about criticizing Athena, but finding a better fit for their goals. This experience solidifies Mend as Therapeutic Solutions’ preferred partner.
